

PRESS RELEASE

19 November 2009

15,000 crossings for £15 to celebrate 15 years of Eurotunnel

Eurotunnel, the fastest and most environmentally friendly way to cross the Channel, is celebrating 15 years of *Le Shuttle* operations, the unique vehicle-carrying trains which transport cars, coaches and trucks between Folkestone (Kent) and Coquelles (Pas-de-Calais, France).

To celebrate the anniversary of 15 successful years, Eurotunnel is launching an exceptional return trip offer for a car and its passengers for just £15. This offer, limited to 15,000 bookings, is available for day trip travel on Tuesdays, Wednesdays and Thursdays until 17 December 2009. Reservations can only be made through the Eurotunnel call centre on 08705 700 800 (quoting the code "15 years"). Full terms and conditions are available on the Eurotunnel website www.eurotunnel.com/15.

Jo Willacy, Eurotunnel Commercial Director, says *"Eurotunnel is delighted to offer this early Christmas present. It's our way of celebrating the 15th Anniversary of the commencement of Le Shuttle services through the Channel Tunnel, to thank our customers for their loyalty and to be able to show everyone the fastest and most environmentally friendly way of crossing the Channel by car."*
