Getlink SE: Successful pricing of a new €600 million senior secured green notes due 2030 (the "New Notes") to redeem existing senior secured green notes due October 2025

Getlink SE ("**Getlink**") today announces that it has successfully priced a new €600 million senior secured green notes issue due 2030 (the "**New Notes**") with an annual coupon of 4.125%. The New Notes will be issued at par and is expected to close on 4 April 2025, subject to customary closing conditions. Getlink intends to use the proceeds from the New Notes, together with cash on balance sheet, to redeem its existing €850 million senior secured green notes due October 2025 (the "**Existing Notes**").

In line with Getlink's environmental commitments, it is expected that the New Notes will qualify as "Green Instruments" which will finance or refinance green assets or projects in accordance with the eligibility criteria detailed in Getlink SE's "Green Finance Framework", dated April 2022¹.

Application will be made to the Luxembourg Stock Exchange (the "**Exchange**") for the New Notes to be listed on the Official List of the Exchange and admitted to trading on the Exchange's Euro MTF Market.

Géraldine Périchon, Deputy Chief Executive Officer and Chief Financial Officer of Getlink, commented: *"The success of this note issue amongst investors testifies the confidence of the financial markets in the Group's credit profile and commitment to sustainable development. While we continue to reduce the amount of our gross debt, the extension of its maturity, combined with the cash available, gives the Group the financial resources to continue deploying its successful strategy based on a balanced portfolio of activities and a permanent improvement of quality of service."*

About Getlink

Getlink SE (Euronext Paris: GET), through its subsidiary Eurotunnel, is the concession holder until 2086 for the Channel Tunnel infrastructure and operates Truck Shuttles and Passenger Shuttles (cars and coaches) between Folkestone (UK) and Calais (France). Since 31 December 2020 Eurotunnel has been developing the smart border to ensure that the Tunnel remains the fastest, most reliable, easiest and most environmentally friendly way to cross the Channel. Since it opened in 1994, more than 518 million people and 106 million vehicles have travelled through the Channel Tunnel. This unique land link, which carries a quarter of trade between the Continent and the United Kingdom, has become a vital link, reinforced by the ElecLink electricity interconnector installed in the Tunnel, which helps to balance energy needs between France and the United Kingdom. Getlink completes its sustainable mobility services with its rail freight subsidiary Europorte. Committed to "low-carbon" services that control their impact on the environment, Getlink has made the place of people, nature and territories a central concern.
