

PRESS RELEASE

13 September 2008

Immediate release

Channel Tunnel traffic resumes

Having carried out a comprehensive technical inspection of the infrastructure in the South rail Tunnel, and having sent empty test Shuttles through, Eurotunnel announces that Channel Tunnel traffic resumes.

Eurotunnel's various rail services using the Channel Tunnel started to resume from 00:53 (French time), beginning with rail freight trains followed by Eurotunnel Truck Shuttles.

Early today, Saturday 13 September, Eurostar trains will run through the Channel Tunnel.
