In May 2017 Le Shuttle Freight transported 141,646 trucks, recording **the best Truck Shuttle traffic for a month of May in its history**, an increase of 3% compared to May 2016.

On Thursday 8 June 2017, Le Shuttle Freight established a **new daily record** with 3,822 trucks transported in 24 hours in the CAFO (Calais-Folkestone) direction, beating the previous record of 3,633 trucks set on 3 December 2015.

Since the start of the year, truck traffic has fallen slightly by 1%, due to the exceptional weather conditions in Spain at the beginning of the year.

Passenger Shuttle traffic has decreased by 4% compared to May 2016, with 212,930 vehicles transported penalized by an unfavorable electoral calendar in France. Passenger Shuttle traffic has decreased slightly since 1 January with nearly 935,000 vehicles transported.

The figures for the month of June will be published on Tuesday 11 July 2017 prior to the opening of trading.
